

In this era when the role of science and technology is all pervasive, there is a need to create an awareness of the educational and job opportunities available in this domain. Taking the initiative, Shri Vishnu Educational Society organized a Career Guidance and Engineering Web Counselling Awareness programme on 10 July 2011 at Shri Vishnu Educational Society under the guidance of the dynamic Chairman Shri K.V. Vishnu Raju. Experts from the fields of engineering, medicine and pharmaceutical science addressed the parents and students who were very eager to get the maximum relevant information.

The starting of the programme itself was a highlight. "Vishnu Universal Learning", the logo of Vishnu was launched by a remote operated aircraft which was indeed a spectacular event. This was followed by the speeches of the experts. Dr. K.V. S. G. Muralikrishna, Director, Foreign Relations, JNTU Kakinada spoke about engineering studies. Dr.S.M. Nooruddin, HOD, Government Dental College, Vijayawada explained the different opportunities available for Bi.P.C students in the medical stream. The Chairman of Pharmaceutical Sciences, JNTU Hyderabad elucidated about the pharma stream, the courses offered and the opportunities available. The Principal of Vishnu Institute of Technology, Dr. D. Suryanarayana, gave a presentation on the much needed topic Web Counselling.

The talks were followed by an interactive session between the parents and the students and the experts. Chairman Shri K.V. Vishnu Raju, VIT principal Dr. D. Suryanarayana and the professors invited answered the myriad questions posed by the parents and their wards.

Parents and students from nearby villages and towns as well, turned out in large
